

CONTEMPORARY CORDLESS SYSTEM WITH A RANGE OF EXCLUSIVE FABRICS

 EaziPleat

CELLULAR PLEATED BLINDS

DIM OUT

BLACK OUT

 EaziPleat

EAZIPLEAT is a no chain, no cords, inherently child safe system. Elegant and contemporary with a compact, neat headrail - EaziPleat comes with it's own range of 30 exclusive cellular standard or blackout fabrics that have a maximum width of 3000mm. Soft Rise, Motorised or Chain Operated.

CHAIN OPERATED

Made with continuous metal chain cord loop in a unique child safe 'pull out' sprocket wheel.

SOFT RISE

This is simplicity in itself, operated with just a touch and a pull. With a spring assist, the blind can be closed by hand to any required point with counter balance weights within the bottom bar to hold it in position.

MOTORISED

Powered by a separate rechargeable lithium battery pack motorised for remote control with 3 handset options- single, multiple and single with a timer, or for use with smart hubs such as Alexa, Siri and Google.

HAZE

20 Non Woven Dim out fabrics
10 Non Woven Blackout fabrics
