**RELIABLE, SAFE, SECURE**  
SYSTEM 40® CRANK OPERATION

NEW

All the benefits of System 40® slide lock® operation, anti-fray bush guard, universal brackets etc.

For use on System 40® blinds with 9lb holding weight, allowing you to make large blinds up to 2.5m.

Can be retro fitted onto any System 40® open cassette blind to improve child safety.

The perfect safe option for schools, nurseries, hospitals as well as all domestic window blinds.

Can be used with all Louvolite open cassette systems, the wand is made from non-corrosive, high quality aluminum for increased longevity and the clutch is made from high quality plastic for durability.
